Joint Concepts Steering Group Meeting

10 May 2005

Tom Hone

Asst. Director, OFT/OSD

OFT Director's Goals

- **Goal #1**: Make force transformation an integral element of DoD corporate and national defense strategy, effectively supporting the four defense policy goals of the national military strategy.
- **Goal #2**: Change the force and its culture from the bottom up through the use of experimentation, operational prototyping and the creation of new knowledge.
- **Goal #3**: Implement Network Centric Warfare (NCW) as the organizing principle for joint concepts, capabilities and systems for the information age.
- **Goal #4**: Get the decision rules and metrics right and cause them to be applied enterprise wide.
- **Goal #5**: Discover, create or cause to be created new military capabilities to broaden the capabilities base and to mitigate risk.

OFT's Major Efforts (1)

- Transformation Roadmaps and Strategic Transformation ON HOLD until CY06
- Revising Transformation Planning Guidance (TPG)—awaiting QDR results
- Participating in 3010 and 3170 revisions
- Supporting Defense Science Board study of transformation and Defense Business Board study of Business Enterprise Transformation

OFT's Major Efforts (2)

- Linking all capabilities and portfolio-based analysis efforts:
  - Joint Staff J8's 21 capabilities
  - Business management portfolios
  - AT&L roadmaps (capability clusters)
  - National Security Personnel System
  - Business Management Modernization Program
